

PRAYER GUIDE FOR EACH DAY

Sunday: Pray that the worship of this day may bring glory to God, remembering all who minister the Word, lead worship, play the music and those who welcome people as they come to worship. Pray for the pastors, deacons and/or elders/leaders.

Monday: As the churches' weekday activities begin pray for all who lead, serve, and befriend those who come through our doors. Pray for any new initiatives being taken on by our churches at this time.

Tuesday: Pray for the involvement of our churches in Mission, whether it is at the local, regional, national or international level. Pray for Home Mission and BMS World Mission representatives in our churches as they encourage interest, prayer and giving.

Wednesday: The prayer life of every church is important, as it is of every Christian individual. Pray for churches as they meet for prayer, maybe at varying times of the day. Give thanks for the prayer ministry of the housebound, as they perform this vital service in the life of our churches.

Thursday:

Pray for children and young people who attend various meetings in our churches; for youth leaders in whatever capacity they work; and for input from our churches into schools and colleges in our neighbourhoods.

Friday: Remember those who are called to the Lord's work away from their homes, be it in service in this country or overseas. Pray that their spiritual needs may be met in often difficult or hostile situations. Especially remember Chaplains and Christian personnel in our armed forces.

Saturday: Pray for Church Officers and those involved in preparing the church premises for worship. Many are busy with these tasks on a Saturday. Think of those who clean the premises, arrange flowers, prepare notice sheets and organize coffee rotas, etc.

March 14th-20th

Kendal Road, Gloucester,

Steve Austin-Sparks

- In February this year we gave thanks and celebrated the 70th Anniversary of Kendal Road Baptist Church. The church congregation relocated from the City Centre at that time, coinciding with the building of the Wellsprings estate in this area of Longlevens.
- We continue to look to the future, having plans to re-build & refurbish on this site with the hope of providing an attractive building; that meets the needs of our many young people's and other activities; the needs of our community; and fulfils our vision and passion to love and serve God and love the people of Longlevens.
- We thank God for our continued association with Redcliffe College and pray with them as they move towards a shared future with All Nations College

Cairns Road, Bristol

Pastoral Vacancy

Beckington

Michael White

The church family has been delighted in recent months to have new faces joining them for worship on Sunday afternoons and pray that this trend will continue. It continues to be grateful for the faithful ministry of its Minister, and is grateful also for the work of a local electrician who has brought the heating and lighting up to modern standards.

Join us in giving thanks to God that despite difficult weather conditions the church was able to host well attended Carol and Crib services and looks forward to continuing its ministry in the area.

Please pray also for the church as it continues to explore further ways in which the building may be used by other Christians, and also pray that links with users may develop to assist in the on going maintenance of the building.
